Action Shoe Company Part II

You are to create a splash page for the Action Shoe Company's new website. The splash page must meet the following requirements.

- Must include your **Action Shoe Logo**.
- Should incorporate a **minimum of one text element**.
- Should be a **minimum of 80 frames** in length.
- Animation should demonstrate knowledge of transformation concepts (i.e., position, opacity, scale, rotation, color, masking, etc. through the use of keyframes and motion or shape tweening) Animation should possess a **minimum of 4 for of these transformation effects** throughout its duration.
- Should incorporate interactivity through **use of “stop” and “goto” actions** similar to class assignments.
- Should **publish as a .html and .swf file**.
- **Save as “actionshoe fla”**
